- 3 Is breakfast included, and what are the hours?
- 4 Are pets allowed?
- 5 Is the hotel good for couples or a honeymoon?

WHAT TO FIX

Recommendations, in priority order

CRITICAL

AI READINESS

Add an FAQ section with FAQPage schema

FAQ content is the format AI most directly quotes when answering guest questions.

- Parking, check-in/out, breakfast, pets, cancellation
- Couples, family and business suitability
- Wrap in FAQPage schema

HIGH

CONTENT

Answer parking clearly

Parking is one of the most common hotel questions AI is asked and the site doesn't answer it.

- Whether parking is available
- Price and reservation rules
- Valet, EV charging, height limit
- Nearby alternatives

HIGH CONTENT

State check-in and check-out times

A top-asked factual question AI currently can't answer from the site.

- Check-in time
- Check-out time
- Early check-in / late check-out options

HIGH AI READINESS

Create couples / honeymoon content

This hotel has the ingredients for romantic searches ("romantic hotel Geneva", "honeymoon Geneva") but never assembles them into an answer AI can quote.

- A dedicated section or FAQ "Is [hotel] good for couples?"
- Name the suites, dining and spa that support it
- Target the romantic search phrasing

MEDIUM AI READINESS

Create business-traveller content

Meeting facilities exist but business searches need them assembled with practical detail.

- Meeting room capacities
- Distance to airport / station
- Business amenities and rates

MEDIUM SCHEMA

Add HotelRoom schema

Room pages exist but aren't marked up, so AI extracts them weakly.

- HotelRoom type per room
- bed, occupancy, image

MEDIUM SCHEMA

Add AggregateRating / Review schema

Rating signals build AI trust and are missing.

- aggregateRating with reviewCount
- A few Review items

MEDIUM CONTENT

State the pet policy

Common AI question the site doesn't answer.

- Whether pets are allowed
- Fees and restrictions

MEDIUM CONVERSION

State why to book direct

Gives AI a reason to send guests to the official site over OTAs.

- Best-rate guarantee
- Direct-only perks

No booking fees
